

“The Cumberland River is one of the best-kept secrets when it comes to trout fishing.”

Cumberland River / Jamestown area.

Many sportswriters have stated that this tailwater fishery is one of the best trout destinations east of the Mississippi River.

The river is fishable nearly all year long, but it is best to book a trip from late spring through the fall due to more stable flows

Fly fishing couple enjoying themselves on the river.

A Day on the River

Begins around sunrise and will last until late afternoon. Most trips depart from Helm's Landing, about four miles downstream from Wolf Creek Dam. You will be fishing out of an Express aluminum boat and possibly enjoy some wading if water conditions are low enough

Wade fishing during the summer months.

Fishing Techniques

Dave caters to both fly and spin fishermen. Some of the best fly-fishing can be found during the caddis hatch of May and early June. Nymph fishing tends to be the most productive method, but large streamers are a good pick during higher water periods.

What's included in the trip?

Dave provides:

- ❖ Rods
- ❖ Flies/lures
- ❖ Lunch/ soft drinks.

Clients must buy their own KY fishing license and Kentucky Trout fishing license.

Rates:

One angler per day: \$200
Two anglers per day: \$240

For a small additional cost Dave can provide a shuttle service from the Louisville area to the river.

Whether you live in the area or are a visitor wanting to get out on the river give Double D Outfitters a call.

We know where the Really big fish are!
